Description

The BIAN02B SD/MicroSD 3.0 Card Reader provides steady and efficient data transmission for everyday file transfers. Using a USB 3.0 connection, it supports transfer speeds up to 5Gbps, making it suitable for moving photos, videos and documents quickly between memory cards and a computer.

It is compatible with SD, SDHC and SDXC cards, as well as Micro SD/T-Flash, Micro SDHC and Micro SDXC formats, covering most common camera and mobile storage needs. Powered directly by USB, it requires no external power supply, making it convenient for travel, remote work or daily office use.

With simple plug-and-play installation and a built-in lanyard hole for effortless portability, the BIAN02B is an easy-to-carry card reader designed for reliable use wherever storage access is needed.
