Short Description

- **Ports:** 6 x USB-A 3.0 data, 1 x USB-C 3.0 data, 2 x USB-A charging, 1 x USB-C charging
- **Connector:** 2-in-1 USB-A/C hybrid connection cable for flexible host connection
- **Speed:** USB 3.2 Gen 1 / USB 3.0 SuperSpeed up to 5Gbps, backward compatible with USB 2.0/1.1
- **Power & charging:** Built-in 60W power adapter, 2 x USB-A QC up to 18W and 1 x USB-C PD up to 20W
- **Compatibility:** Ideal for laptops and PCs to connect drives, keyboards, mice, printers and mobile devices
- **Build:** Aluminum casing for durability and heat dissipation
- **Status:** Individual LED indicators show working status
- **Installation:** Simple Plug-and-Play installation

Description

The HUBBIES18G 10-in-1 60W USB 3.0 Hub Charger combines a high-speed USB hub and multi-port charger in one desktop solution, expanding a single USB-A or USB-C port on your laptop or PC into ten additional ports.

With 6 x USB-A 3.0 data ports and 1 x USB-C 3.0 data port, you can connect external hard drives, flash drives, keyboards, mice, printers and other USB peripherals while enjoying transfer speeds up to 5Gbps with backward compatibility to USB 2.0 and 1.1. In addition, 2 x USB-A charging ports with up to 18W and 1 x USB-C charging port with up to 20W provide fast charging for smartphones, tablets, cameras and other mobile devices, with automatic detection for optimized charging.

A 60W power adapter supplies stable power to the hub, helping to accelerate data transmission and maintain reliable operation when multiple devices are connected. The included 2-in-1 USB-A/C hybrid connection cable allows flexible connection to either USB-A or USB-C hosts, while the aluminum casing, individual LED indicators and simple plug-and-play installation make this hub charger a practical all-in-one desktop accessory for home and office.
