

HUBBIES19BP 7-Port USB 3.2 Gen 1 Hub with 5.0V/3.0A Power Adapter, USB-A to 7 x USB-A, 5Gbps SuperSpeed, 90cm Cable, Magnetic Base with Individual Power Switches

Product Images

Short Description

- **Ports:** Add 7 USB 3.0 / USB 3.2 Gen 1 ports to your PC/notebook
- **Connector:** USB-A Male to 7 x USB-A Female
- **Speed:** USB 3.0 / USB 3.2 Gen 1 SuperSpeed (up to 5Gbps)
- **Power:** Power jack with 5.0V/3.0A power adapter for stable multi-device performance
- **Control:** Individual power switches with LED indicators on each port
- **Mounting:** Powerful magnetic base for easy and secure placement on metal surfaces
- **Cable length:** Integrated 90cm cable for extended reach

- **Installation:** Simple Plug-and-Play installation

Description

The HUBBIES19BP 7-Port USB 3.2 Gen 1 Hub with 5.0V/3.0A Power Adapter expands a single USB port on your notebook or desktop into seven SuperSpeed USB ports, giving you plenty of room to connect multiple peripherals at once.

Simply plug the hub into a free USB 3.0/USB 3.2 Gen 1 port and attach devices such as external drives, flash drives, keyboards, mice, card readers and more. Individual power switches with LED indicators on each port let you turn connected devices on or off without unplugging cables, and the integrated 90cm cable provides extended reach for flexible placement on or under your desk.

The hub supports USB 3.0/USB 3.2 Gen 1 data transfer rates up to 5Gbps and includes a 5.0V/3.0A power adapter with power jack, supplying additional power for more stable performance when multiple or higher-draw devices are connected. A magnetic base on the bottom allows you to attach the hub securely to compatible metal surfaces for a tidier workspace, and simple plug-and-play installation ensures quick, driver-free setup.
