Description

The 11903607 HDMI to VGA Adapter with Audio lets you connect HDMI source devices such as Blu-ray players, set-top boxes, or game consoles to VGA displays including HDTVs, LCD monitors, or projectors. Built from quality materials, it delivers a clear 1080p video signal and provides a 3.5mm stereo audio output for external speakers or sound systems. The included USB power lead supplies extra power when needed, helping to maintain stable signal transmission in a compact, easy-to-carry adapter.
